Summary

Front-End Web Developer with a Bachelor of Fine Arts in Graphic Design from Cal Poly Pomona and a Certificate in Full Stack Web Development from UT Austin. Skills in HTML, CSS, JavaScript, MongoDB, Express, React, and Node.js. Strengths in balancing design and functionality, collaboration, and time-management. Time in the coding bootcamp, allowed for completing projects, such as a Full-Stack app for individuals aspiring to get into certain fields, that helps them find resources to get started. Applied aspects of UX/UI and agile development while working in a team of five. Enrolling in the bootcamp helped me realize how much I enjoy coding and seeing my designs come to life. I look forward to leveraging the skills I've learned to provide the best solutions.

Technical Skills

- HTML/CSS
- JavaScript
- jQuery
- Bootstrap
- UIKit
- React
- Node.js
- MongoDB
- MySQL
- Express
- Visual Studio
- Adobe Illustrator
- Photoshop
- Adobe XD
- InDesign
- After Effects
- SketchU
- UI Design

Projects

Digital Class - June 2020

GitHub: github.com/aroiblesgalit/digital-class | Demo: digital-class-production.herokuapp.com

About: A full-stack MERN app allowing teachers to quickly and easily create timed quizzes.

Role: Back-end and UI design; helped with some front-end logic.

Languages: MongoDB, Express, React, Node.js

Career Resources & Wiki - May 2020

GitHub: github.com/aroiblesgalit/Project2 | Demo: secure-shelf-77308.herokuapp.com

About: A full-stack app that allows users to post and get resources about job fields of their choice.

Role: UI design and front-end logic; helped with the back-end html and api routing.

Languages: JavaScript, MySQL, Express, Node.js

Superhero Background & Backgrounds - April 2020

GitHub: github.com/cynthia-dm1216/ProjectGroup1 | Demo: cynthia-dm1216.github.io/ProjectGroup1

About: A mobile-first application that allows superhero fanatics to view their favorite heroes' informations.

Role: UI design and front-end logic; made api calls and rendered data.

Languages: JavaScript, HTML, CSS

Experiences

2014-Current: **The LGBTQ Center OC** [Santa Ana, CA], Freelance

Problem-solving through the designs of event flyers and logos, brochures, promotional items, and web contents; time-management skills to meet deadlines.

2015-2019: **SimInsights, Inc.** [Lake Forest, CA], Lead Designer

Problem-solving through the creations of UI wireframes and mockups for mobile and web apps as well as simulations; team-collaboration; communicated ideas to the team.

Education

March 2020-June 2020: **Certificate in Full Stack Web Development**, The Coding Bootcamp at UT Austin

2009-2014: **Bachelor of Fine Arts in Graphic Design**, Cal Poly Pomona
